Profile Summary

Frontend Developer with **2+ years** of experience in building responsive, high-performance web applications using Angular and TypeScript. Skilled in writing clean, maintainable code and collaborating effectively in agile teams. Also experienced in backend development with Node.js, Express.js, and GraphQL.

Skills

Frontend: Angular, TypeScript, JavaScript, HTML5, SCSS, Angular Material, RxJS

Backend: Node.js (basic), Express, REST API

Tools & Testing: VS Code, Postman, Sourcetree, Git, Jest (Testing)

Experience

Centizen Inc,

Software Developer

Tirunelveli

Feb 2023 - Present

ZenBasket (E-commerce Platform)

- Contributed to key modules of a scalable Angular-based e-commerce platform, enhancing critical UI features and overall performance.
- Worked on developing dynamic and reusable UI components using Angular Forms, Services, Pipes, and Angular Material to improve development efficiency.
- Worked on advanced Angular features such as Signals for efficient reactive state management, and implemented Server-Side Rendering (SSR) using Angular Universal to significantly enhance page performance and SEO.
- Conducted unit testing using Jest, maintaining over 90% test coverage for critical UI components.
- Developed and tested custom REST APIs using Node.js and Express.js to handle core backend functionalities with a focus on scalability and security.
- Integrated backend services with frontend applications to enable reliable data flow, modular architecture, and smooth feature delivery.
- Ensured high code quality by following clean coding standards, conducting peer reviews, and applying a detail-oriented and solution-focused approach.

Education

Dr. Sivanthi Aditanar College of Engineering

Thiruchendur

B.E. Computer Science and Engineering - 8.9 CGPA

Aug 2019 – Apr 2023
